## EuroTra Safety and Innovation Award 2010 Application Form

The EuroTra Safety and Innovation Award has been created to recognise efforts made towards improving safety standards for professional drivers using the extensive European road network.

This year's competition is open to companies or individuals across Europe who have developed a product or created a service which promotes safer working environments or practices for professional drivers.

**(Please note that members of EuroTra and National government departments or companies are not eligible to take part)**

To be considered for the Award, you need to fill out this form and provide as much detail as possible. If you need any more information or help with how to complete this form, feel free to contact James Tillyer at Freight Transport Association (UK) on +441892 552225 or at [jtillyer@fta.co.uk](mailto:jtillyer@fta.co.uk).

<b>Company name</b>	
<b>Contact name and position</b>	
<b>Company Address</b>	

Volvo Trucks
